

## Gay Wayne

Wayne, the poofter, goes into the doctor's office and has some tests run.

The doctor comes back and says,

'Wayne, I'm not going to beat around the bush. You have AIDS.'

Wayne is devastated.

'Doc, what can I do? '

"Eat:

1 curry sausage,

1 head of Cabbage,

20 unpeeled carrots drenched in hot sauce,

10 Jalapeno Peppers,

40 walnuts and 40 peanuts,

½ box of All Bran, and top it off with a litre of prune juice."

Wayne asks bewildered,

'Will that cure me, Doc?'

Doc says,

'No, but it should leave you with a better understanding of what your ARSE is for.'
